One reason firms have chosen us is because they need to track and also control assets using unique and multiple independent dimensions like cost centre, location, custodian, condition, also status, supplier, criticality, and user defined status.

PINNACLE.

Pinnacle Software Pty Limited. Level 12, 321 Kent Street, Sydney, NSW 2000, Australia. Telephone +61 2 9224 0980. Facsimile +61 2 9224 0955. A toll free inquiry line for Australia 1800 464 024. Published March 2008. The ownership and all legal rights to the design style used here, and the corporate logo reside with Pinnacle Software Pty Limited. Reproduction of the text and images used herein is not permitted for any reason, in any format without written permission. The images herein are used under licence. Australian Business Number 30 082 514 163. Both the text and the images herein are copyright protected © 2008.

Another reason is because they need to be able to add attributable data to various assets in many different formats, including images, and need to be able to create unlimited amounts of extra information storage as required.
